New Customer - Register

You will only be required to submit this data once.

Registering will enable you to identify the exhibition you are exhibiting at and place orders for your stand. Once you have registered you will be able to access your account at anytime prior to the exhibition opening and review or change your order details.

Please provide the details of the company exhibiting:

Company Name:

Contact Name:

Invoice Address:

Invoice Postcode:

By registering in the Exhibitor Zone you will opt in and be able to:

- Order Electrical Fittings including spotlights, fluorescent lights, sockets and power supply.
- Order stand fitting items including shelves, night sheets, lockable cupboards, flooring, muslin ceilings and a whole host more items
- Request a call from Moyne to design and build your stand
- View frequently asked questions
- Review your order history details

How to pay:

We accept major credit and debit cards and bank transfers. Please note we do not accept payment by cheque.

Privacy Policy:

Your privacy is very important to us and we will look after your details safely and securely. All card details are automatically deleted from our system after each exhibition and no hard copy records exist of transaction details. For more details, [Click here](#) to view our Privacy Policy.

Set Up your Stand Order

To access the correct order forms and purchase items we need to know which exhibition you are exhibiting at. Select the exhibition from the drop down box, input your password and click on the 'Go To Order Forms' button. The next time you log in your orders will automatically appear in the 'My Existing Orders' section below.

Select an Exhibition:

Passcode:

My Existing Orders

The stand orders you have placed are detailed below. Use the buttons to view or print your order.

Please note that changes to orders may be subject to additional charges if the early booking discount rate has ended since you last placed your order.

If you need to add items please place an additional order.

To change an existing order call us on +44 (0) 208 997 8596

You have no orders.

Electrical Fittings

Frequently Asked Questions

Q: How many spotlights should I order?

A: As a general rule we suggest 1 general purpose spotlight for every 3m²

Q: How do I know which socket to order?

A: Always look at the wattage requirement on your appliance. Ordering the wrong power supply could blow the fuse on your stand and will lead to an additional 20% charge on the Standard Rate for changing the order at the show. If in doubt call us. Guidelines for ordering sockets:

500w (2 AMP) is suitable for either a mobile phone charger, laptop, small television and DVD or small fridge. Two way extension is acceptable as long as the appliances do not exceed 500w

1000w (4 AMP) is suitable for a plasma screen and projector. Two way extension is acceptable as long as the appliances do not exceed 1000w **2000w (8 AMPS)** is suitable for four appliances with a total loading of 8 AMPS run off an extension or one appliance with a wattage requirement of 2000w / 8AMPS.

3000W (12 amps) is suitable for heating appliances such as kettles and coffee machines. Four appliances can normally be run off this socket as long as they do not exceed 3000w / 12 AMPS.

Q: Can I bring an extension lead to the show to power more than one appliance off my socket (s)?

A: Extension leads can be used but the guidelines for ordering sockets detailed above must be followed. In all cases the extension lead must not exceed 2m in length. Only one extension unit can be used per socket.

Q: Why is there an early booking price, standard booking price?

A: After the early booking date the venue adds a 20% surcharge on all electrical mains charges. This surcharge is passed on to you in the standard rate charge.
